HOW IT WORKS

All custom products under the PRODUCTION SERVICES segment are made-to-order and are only manufactured unless ordered.

Download the according tech pack and describe your piece in detail. Do check with our sample tech pack how it should look like. Should something you want to do not be included in our tech-pack you can ad comments and we will see if it is possible to achieve anyway. If you have drawings or other documents, put them in annex

Send us your tech pack via **info@folks-trading.co.uk** or **adm@folks-trading.co.uk**

We'll analyze your project and provide you with a quote after analyzation.

Approve the production-ready tech-pack and confirm your order.

Production starts as soon as we have received your payment and all fabrics and accessories are ready.

We will keep you updated on the production status.

After the products have passed the quality control check, they get shipped to you.
